

Investment

Offering a comprehensive and around the clock support service to your NICU families is an investment that you can't afford to pass up.

After implementing our on-line support communities, and getting families to engage, you will receive a return on investment through:

- Improved patient satisfaction scores
- Decreased rates of postpartum depression in NICU parents
- Lowered rates of post-traumatic stress disorder in NICU families
- Decreased Length of Stay
- Returning families who want to support your unit and future families

Investment

Cost is based on annual NICU admissions.

0-250	patients/ year	\$5000/year
251-500	patients/year	\$8000/year
501-1000	patients /year	\$10500/year
>1000	patients/year	\$12250/year
Content customization		\$65/hr

*Note: content customization is optional but is how units can include hospital/department/community specific information & local resources into the course

Bonus

Are you a Non-Profit Organization?
You can use these costs as
Community Benefit on your 990!
